

GENIO Top of the Line FRONTIER

FRONTIER + EXCLUSIVE APP!

You can conveniently and intuitively use all the GENIO features with the **FRONTIER** exclusive application.

FRONTIER FEATURES

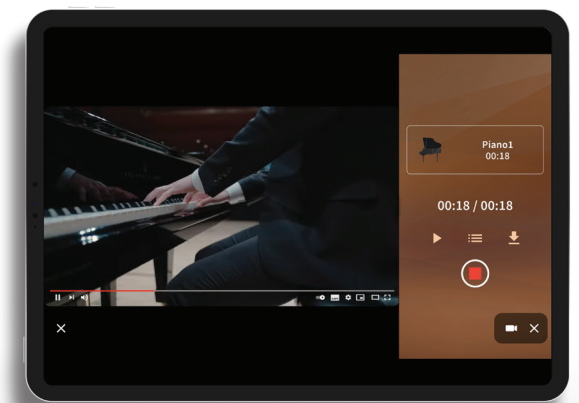

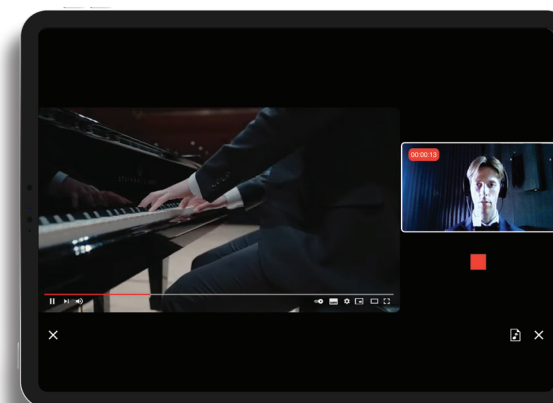

01

THE POWERFUL FEATURES OF SOUND AND VIDEO RECORDING

Frontier lets you collaborate, record, and create using your favorite online sound source, making it incredibly easy to share your creations.

Supports MP4, WAV, and MIDI Files

Share your recorded videos and sounds on platforms like YouTube, Instagram, Twitter, email, or messaging apps with ease.

You can play a YouTube video while simultaneously recording video or audio.

02
INTUITIVE EFFECT SETTING

Find Your Unique Sound!

Apply various effects to discover the sound that suits you perfectly.

03
VARIOUS THEMES

A colorful UI that captures your attention and offers a unique experience.

Choose from three themes—Wood, Blue, and Black & Gold—to match your personal style

04
ENJOY 128 GM SOUNDS

Grand piano, electronic piano, organ, and even drum sounds!

Enjoy 128 GM sounds.

Discover the ideal sound for your style with a variety of options.

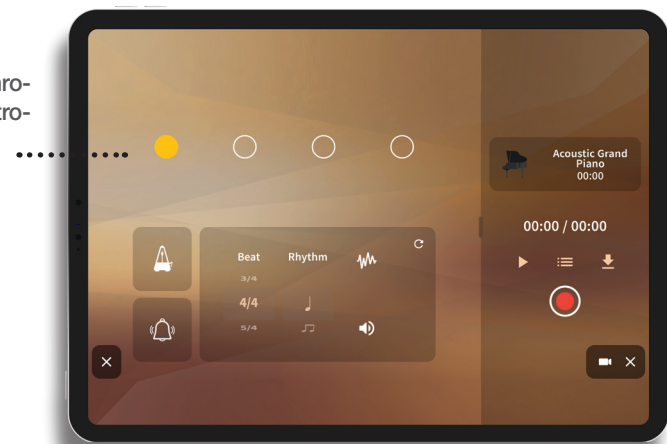

10 presets, 4 favorites available
Easily and comfortably select the instrument

05
METRONOME

Conveniently use the built-in metronome feature.

It provides dynamic motion synchronized to the beat, making the metronome intuitive and easy to use

06
GENIO CAST

LINKER
(Optional)

Have you ever imagined the world’s quietest and most private concert, just for you?

*Now, with GENIO FRONTIER,
you can share your amazing live performance with many people.*

GENIO FRONTIER is equipped with the world’s first simultaneous listening feature.
By connecting LINKER (Optional) and headphones, up to 100 devices can listen at the same time.
Enjoy the world’s quietest concert anywhere—at home, in a cafe, park, or even a library!

Just One Click !

How to Use GENIO CAST

- 1 Turn on the GENIO CAST function in the Frontier app
- 2 Connect the LINKER and Genio SU-7 headphones via wired connection.
The LINKER can be connected to a **maximum of 100** devices.
- 3 Play the piano with the Frontier, and enjoy the real-time performance through the headphones.
LINKER and Frontier maintain a stable connection even at a distance of up to 100m.

Frontier App
